Confined Space Mobile Simulator

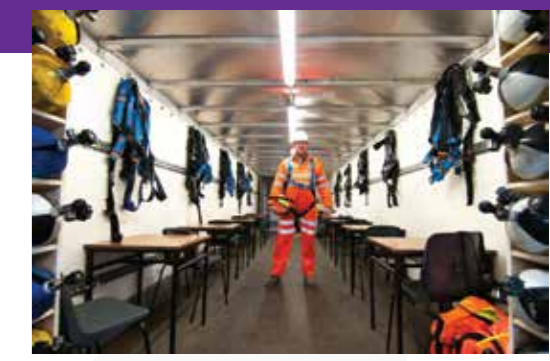

It's Fully Equipped

The simulator is fully self-contained and equipped to meet all learning requirements. It includes breathing apparatus for all learners and a classroom for up to 10 learners with full AV facilities. It has a standalone power supply for remote locations.

It's Mobile

Training can be held anywhere. Rather than your employees coming to us we can take the simulator & instructors to you. This will reduce the amount of time your staff are away from work and the need to travel or incur overnight costs. All equipment is provided or yours can be utilised if you prefer.

- Confined Space for Managers & Supervisors
- Low Risk Confined Space Entry
- Medium Risk Confined Space Entry
- High Risk Confined Space Entry
- Confined Space Emergency Rescue
- Lock Out-Tag-Out
- Breathing Apparatus
- Hazardous Materials
- Dealing with Spills
- Incident Control
- Command Centre Control

All Confined Space courses certified to the highest national and international standards
